

## TENI's Work

We seek to improve conditions and advance the rights and equality of trans people and their families. We work nationally in four main areas: health, employment, education and legislation.

*\*Transgender or Trans is an umbrella term for people whose gender identity or gender expression differs from the sex assigned to them at birth.*

## TENI AND COMMUNITY ENGAGEMENT

**Community engagement is an essential part of TENI's identity.**

As a community-driven organisation, we endeavour to foster productive working relationships with trans people, their families, friends and allies to help shape and steer the direction of TENI.

## TENI'S GENERAL ASSEMBLY

This meeting includes:

- Presentation of narrative and financial reports over the past year.
